

Introducing Xero Lvl Up

You're invited to the first Xero Lvlup Singapore event, a developer-focused informal meetup where guest speakers will share insights from the tech community and discuss how developers can integrate their products with Xero.

Event Date/Time: 22 August, 6-8.30pm

Event address: The Great Room, #10-01, One George Street, Singapore

RVSP Method: Via email to tessa.khoo@xero.com by 5pm, 19 Aug

Light refreshments provided

Steven Cooper

(Xero, Senior Developer Evangelist)
Developing for the Marketplace:

A showcase of the existing Xero vertical partner integrations and the key factors (ranging from user experience to API logs and error responses) Xero takes into account when reviewing integrations.

Ben Marks

(Magento, Developer Evangelist)
Shaping Platform Design from
Community Feedback:

An overview of how a global platform like Magento relies on community and user insights to shape the evolution of the platform's usability and functionality.

Beautiful
accounting
software

Xero is beautiful online accounting software for your small business. It gives you a real-time view of your financials anytime, anywhere, on any device. It's small business accounting software that's simple, smart and occasionally magical – over 700,000 subscribers use Xero and that number is growing all the time.
