2nd World Heart Congress

May 14-16
2018
Tokyo, Japan

Theme:
A Changed Outlook in Cardiology and Healthcare

http://heartcongress.conferenceseries.com
Conference Series welcomes you to attend the 2nd World Heart Congress, which is going to be held in Tokyo, Japan during May 14-16, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Cardiology and Healthcare.

Heart Congress 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is “A Changed Outlook in Cardiology and Healthcare”.

Regards,
Heart Congress 2018
Operating Committee
About Conference

The field of Cardiology and Healthcare is growing rapidly and its development is making tremendous impacts in nursing. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Heart Congress 2018

• Opportunity to attend the presentations delivered by eminent scientists from all over the world
• Selected contributions will be published in following Conference Series Journals
  • Journal of Clinical & Experimental Cardiology
  • Journal of Cardiovascular Diseases & Diagnosis
  • Cardiovascular Pharmacology: Open Access
• Participation in sessions on specific topics on which the conference is expected to achieve progress
• Global networking: In transferring and exchanging Ideas
• Share your excitement in promoting your skills in the field of designing
• Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers
The team was highly professional and well organized while hosting the World Heart Congress. I look forward to attending next year’s meeting and would also like to volunteer to assist the organizing committee.

..............Damien Byas
President, North American Scientific Committee on Cardiovascular Health, USA

I enjoyed the conference very much; interesting talks, nice participants and the wonderful place.

..............Salva Reverentia Yurista
University Medical Center Groningen, The Netherlands

Thank you for the opportunity to be able to participate in the World Heart Congress. It was nice to share my talk with the eminent cardiologists and researchers. I really enjoyed the conference.

..............Ashish K Saxena
Diabetes and Heart Centre, India

World Heart Congress at Osaka was well organized. I think it was good practice for me ad now I know how I could be a better moderator.

..............Mary Shibuya
Gunma University, Japan

Heart Congress 2017 was a well organized conference at Japan. The value of Conference Series organization was confirmed when I saw the rate of growing interest for this organization published in an independent leaflet presented below with graphs of the growth in Open Access Journals, number of readers, Editorial members and International conferences, in which I also learn the testimonies of many speakers, the number of 800 conference technicians who have organized 400 conferences in 5 years and show an impressive exponential rate of growing.

..............Guy Hugues Fontaine
Université Pierre et Marie Curie, France

It is the first time we are exhibiting at this event and it was a good experience as we got many positive feedbacks from the attendees who have joined us from all over the world and networking at World Heart Congress, Osaka.

..............Filomena Lamsis
ALERE, Singapore

Thank you for a great conference in Osaka. I had a great time, both enjoying the diverse and very interesting sessions/speakers, meeting lots of great people while also being able to see a little bit of Japan for the first time ever.

..............Tomas Larsen
Sørlandet Sykehus, Norway

Just wanted to say thank you for the experience of presenting at World Heart Congress this year. I enjoyed the whole event. Thank you again.

..............Richultz C. Montevirgen
World Citi Medical Center, Philippines

It was a great pleasure to be a part of this successful conference at Japan.

..............Beder Gustavo Farez
President, Argentine Federation of Cardiology
It was a well organized event with many attendees and diverse presentations.  

...............Ramón Hernandez-Molina  
Atletico de Madrid Football Club, Spain

The World Heart Congress went really great. It was perfect organized, speakers were outstanding. It was tremendous opportunity to learn, and was extremely insightful. The venue was truly beautiful. I appreciate all your time and effort.  

...............Galya Atanasova  
Medical University Pleven, Bulgaria

Heart Congress 2017 at Japan was interesting and well organized.  

...............Bambang Budiono  
Awal Bros Hospital Makassar, Indonesia

I enjoyed the World Heart Congress at Osaka. It was a good and knowledgeable experience.  

...............Zara Berg  
University of Hawaii, USA

World Heart Congress held in Osaka was amazing and a good experience.  

...............Evan Hindoro  
Belitung Timur General Hospital, Indonesia
International Journals
• 900 Open Access Journals
• 21 Day rapid review process
• 30000 Editorial team, 35000 Reviewers team
• 3.5 Million readers and high visibility
• More than 100000 facebook
• Publication immediately after acceptance
• Quality and quick editorial, review processing

Key features
• User friendly/feasible website translation of your paper to 50 world’s leading languages
• Enhanced feature: Audio version of published paper
• Digital articles to share and explore
• Sharing option: Social networking enabled
• Authors, reviewers and editors are provided with scientific credits

Conference Series Conferences
• 1000 Conferences all over the World every year
• Well organized scientific program
• Renowned speakers and scientists across the globe
• Poster presentations and world class exhibits
• Panel discussions and interactive sessions
• B2B meetings
• Perfect platform for Global Networking

Key features
• Presentation by renowned speakers from all over the world
• Poster presentations and world class exhibits
• Interactive Sessions
• Platform for global networking
• Connecting scientific community
About Tokyo

Tokyo is Japan’s capital and the largest metropolitan area in the world. It is also one of Japan’s 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan’s political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world’s most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo (“Eastern Capital”).

World’s highest Skywalk- the Tokyo Sky tree is the tallest free-standing tower in the world, measuring 634m. The observation deck at 450m is the world’s highest skywalk and offers panoramic views of the city.

Tokyo is a fascinating city, where the latest trends and the oldest traditions meet. From ancient cherry-blossom festivals to the vibrant Harajuku neighbourhood. Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors.

The city’s history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city centre and within relatively short train rides at its outskirts.
Plan a trip to Tokyo
Important Dates
Abstract submission opens: July 03, 2017
Registration opens: July 03, 2017
Early bird registration: October 10, 2017
On spot registration: May 14, 2018

Venue
Imperial Hotel Tokyo
1-1 Uchisaiwai-Cho
1-Chome Chiyoda-Ku
Tokyo 100-8558 Japan

Abstract Submission
